

1

A diagram consisting of a grid of lines. A vertical line is positioned at approximately one-third of the way from the left edge. Two horizontal lines are positioned at approximately one-third and two-thirds of the way from the top edge. A diagonal line starts from the top edge at approximately two-thirds of the way from the left and extends downwards to the bottom edge at approximately three-quarters of the way from the left. The number '2' is centered in the rectangular region bounded by the vertical line, the top horizontal line, and the bottom horizontal line.

2

A diagram consisting of a grid of lines. A vertical line is on the left, and two horizontal lines are spaced apart. A diagonal line starts from the top right and goes down to the bottom right, crossing the lower horizontal line. The number '3' is centered in the space between the two horizontal lines.
