

1

A diagram consisting of a grid of four quadrants defined by a vertical line on the left and a horizontal line at the bottom. A diagonal line runs from the top edge to the bottom edge, crossing the horizontal line. The number '2' is centered in the upper-left quadrant.

2

A diagram consisting of a grid of lines. A vertical line is on the left, and two horizontal lines are spaced apart. A diagonal line starts from the top right and goes down to the bottom right, crossing the two horizontal lines. The number '3' is centered in the space between the two horizontal lines.

7

A diagram consisting of a grid of lines. A vertical line is on the left, and two horizontal lines are spaced apart. A diagonal line starts from the bottom right and goes towards the top right, crossing the upper horizontal line. The number '8' is centered in the space between the two horizontal lines.

8

A diagram consisting of a grid of three horizontal lines and one vertical line on the left. A diagonal line runs from the bottom-left towards the top-right, intersecting the horizontal lines. The number '9' is positioned in the middle-left area of the grid.
