

A diagram consisting of a grid of lines. A vertical line is on the left, and two horizontal lines are spaced apart. A diagonal line starts from the top edge and slopes downwards to the right, crossing the upper horizontal line and the lower horizontal line. The number '2' is centered in the space between the two horizontal lines.

2

A diagram consisting of a grid of lines. A vertical line is on the left, and a horizontal line is at the top. A diagonal line starts from the top right and goes down to the bottom right. The number '3' is centered in the middle of the grid.

3

A diagram consisting of a grid of lines. A horizontal line runs across the top, and another horizontal line runs across the bottom. A vertical line runs down the left side. A fourth line, which is tilted, runs from the top right towards the bottom right. The number '4' is positioned in the central area of the grid.
